REPORT ON THE FINANCES.

NOVEMBER, 1818.

In obedience to the directions of the "Act supplementary to the act to establish the Treasury Department," the Secretary of the Treasury respectfully submits the following report and estimates :

REVENUE.

The nett revenue arising from duties upon imports and tonnage, internal duties, direct tax, public lands, postage, and incidental receipts, during the year 1816, amounted to - - - - \$36,743,574 07

Viz.

Customs - - - - -	\$27,569,769 71
Internal duties - - - - -	4,396,133 25
Direct tax - - - - -	2,785,343 20
Public lands, exclusive of Mississippi stock - - - - -	1,754,487 38
Postage, and incidental receipts - - - - -	237,840 53

And that which accrued from the same sources during the year 1817 amounted to - - - - 24,387,993 08

Viz.

Customs, (see statement A) - - - - -	\$17,547,540 89
Internal duties and direct tax, (see statement B) - - - - -	4,512,287 81
Public lands, exclusive of Mississippi stock, (see statement C) - - - - -	2,015,977 00
Postage, and incidental receipts - - - - -	312,187 38

It is ascertained that the gross amount of duties on merchandise and tonnage, which have accrued during the first three quarters of the present year, exceeds \$21,000,000 ; and that the sales of the public lands, during the same period, greatly exceed, both in quantity and value, those of the corresponding quarters of the last year.

The payments into the Treasury, during the first three quarters of the year, are estimated to amount to - - - - \$17,167,862 26

Viz.

Customs - - - - -	\$13,401,409 65
Internal revenue, and direct tax - - - - -	993,574 36
Public lands, exclusive of Mississippi stock - - - - -	1,875,731 20
Interest upon bank dividends - - - - -	525,000 00
Postage, and incidental receipts - - - - -	49,438 19
Repayments into the Treasury - - - - -	322,708 86

And the payments into the Treasury during the fourth quarter of the year, from the same sources, are estimated at \$5,000,000 00

Making the total amount estimated to be received into the Treasury during the year 1818 - - - 22,167,862 26

Which added to the balance in the Treasury on the 1st day of January last, exclusive of \$8,809,872 10 in Treasury notes, amounting to - - - 6,179,883 38

Makes the aggregate amount of - - - 28,347,745 64

The application of this sum for the year 1818 is estimated as follows, viz:

To the 30th of September, the payments (exclusive of \$9,148,237 40 of Treasury notes, which have been drawn from the Treasury and cancelled,) have amounted to - - - \$16,760,337 05

Viz.

Civil, diplomatic, and miscellaneous expenses \$3,289,806 28

Military service, including arrearage - - - 5,620,263 08

Naval service, including the permanent appropriation for the gradual increase of the navy - - - 2,383,000 00

Public debt, exclusive of \$9,148,237 40 of Treasury notes, which have been drawn out of the Treasury and cancelled - 5,467,267 69

During the fourth quarter, it is estimated that the payments will amount to - 9,475,000 00

Viz.

Civil, diplomatic, and miscellaneous expenses - \$520,000 00

Military service - 1,175,000 00

Naval service - 575,000 00

Public debt, to 1st January, 1819 - - - 7,205,000 00

Making the aggregate amount of - - - 26,235,337 05

And leaving, on the 1st day of January, 1819, a balance in the Treasury estimated at - - - \$2,112,408 59

OF THE PUBLIC DEBT.

The public debt which was contracted before the year 1812, and which was unredeemed on the 1st day of October, 1817, as appears by statement No. 1, amounted to - - - \$31,835,788 29

By the same statement, it appears that the funded debt, contracted subsequent to the 1st day of January, 1812, amounted to - - - 68,071,933 14

Making, together, the aggregate amount of - - - \$99,907,721 43

Which sum agrees with the statement of the unredeemed amount on the 1st day of October, 1817, as per last report, excepting the sum of \$4,123 98 overestimated, and which has now been corrected by actual settlement.

On the 1st day of January, there was added to the above amount, for Treasury notes brought into the Treasury and cancelled, and for which the following stock was issued,

viz: In six per cent. stock	-	\$234,422 10	
In seven per cent. stock	-	99,019 00	
			<u>\$333,441 10</u>
			<u>\$100,241,162 53</u>

From which deduct seven per cent. stock purchased in the fourth quarter of 1817 - - \$332,984 60

And also the reimbursement of old six per cent. and deferred stock, between 1st October, 1817, and 1st January, 1818	-	800,830 98	
			<u>1,133,815 58</u>

Making the public debt which was unredeemed on the 1st of January, 1818, as per statement No. 2, amount to -			99,107,346 95
--	--	--	---------------

From the 1st of January to 30th September, 1818, inclusive, there was, by funding Treasury notes and three per cent. stock, (20.08) issued, added to the public debt, as appears by statement No. 3, the amount of -			73,795 49
			<u>99,181,142 44</u>

From which deduct the amount of stock purchased and redeemed during that period, per statement No. 4 -		\$415,993 87	
--	--	--------------	--

And also the estimated amount of the final reimbursement of the old six per cent. stock -	\$709,312 03		
---	--------------	--	--

And the estimated reimbursement of the deferred six per cent. stock -	230,401 76		
		<u>939,713 79</u>	
			<u>1,355,707 66</u>

Making on that day, as appears by statement No. 3, the aggregate amount of -			\$97,825,434 78
--	--	--	-----------------

Since the 30th September, there has been redeemed, or provision made for the redemption, of a moiety of the Louisiana stock, unpaid on the 1st October, 1818 -	\$4,977,950 00		
--	----------------	--	--

And there will be reimbursed of the principal of the deferred six per cent. stock, on the 1st day of January, 1819, by estimate	252,091 63		
		<u>5,230,041 63</u>	

There will remain unredeemed, by estimate, on the 1st day of January, 1819, the sum of -			<u>\$92,595,393 15</u>
--	--	--	------------------------

By statement No. 5, the Treasury notes which are yet in circulation are estimated at \$297,506.

By statement No. 6, it appears that the whole of the awards made by the commissioners appointed under the several acts for indemnifying certain claimants of public lands, amount to

\$4,282,151 12

Of which sum there has been received at the office of the Commissioner of the General Land Office, as appears by statement C, the sum of

1,026,684 00

Leaving outstanding, at the date of the several returns from the land districts, the sum of

\$3,255,467 12

It is proper, however, to observe, that extensive sales have been made in the Alabama Territory, in the months of September, October, and November, of which no returns have yet been received.

OF THE ESTIMATES OF THE PUBLIC REVENUE AND EXPENDITURE FOR THE YEAR 1819.

In the annual report of the state of the Treasury, of the 5th of December, 1817, the permanent revenue was estimated at \$24,525,000 per annum, and the annual expenditure, according to the then existing laws, was stated at \$21,946,351 74. By the acts of the last session of Congress, the internal duties, estimated at \$2,500,000 per annum, were repealed; whilst the expenditure was augmented to nearly \$25,000,000, and that of the ensuing year is estimated at not less than \$24,515,219 76.

The apparent deficit produced by these acts, and by the application of more than \$2,500,000 to the payment of the interest and redemption of the principal of the public debt, beyond the annual appropriation of \$10,000,000 for that object, has been supplied by the receipts into the Treasury, on account of the arrearage of the direct tax and internal duties, and by the balance of more than \$6,000,000 which was in the Treasury on the 1st day of January, 1818.

These temporary sources of supply being nearly exhausted, the expenditure of the year 1819 must principally depend upon the receipts into the Treasury from the permanent revenue during that year. As was anticipated in the last annual report, the reaction produced by the excessive importations of foreign merchandise, during the years 1815 and 1816, acquired its greatest force in the year 1817.

It is presumed that the revenue which shall accrue during the present year, from imports and tonnage, may be considered as the average amount which will be annually received from that source of the revenue.

It is ascertained that the bonds taken for securing duties which were outstanding on the 30th day of September last, exceeded \$23,000,000, and the receipts into the Treasury from that source of revenue, during the year 1819, are estimated at

\$21,000,000 00

Public lands - - - - - 1,500,000 00

Direct tax, and internal duties - - - - - 750,000 00

Bank dividends, at 6 per cent. - - - - - 420,000 00

First payment of bonus due by the Bank of the United States	\$500,000 00
Postage, and incidental receipts	50,000 00
Amounting together to	\$24,220,000 00
Which added to the balance in the Treasury on the 1st day of January, 1819, estimated at	2,112,408 59
Makes the aggregate amount of	\$26,332,408 59
The probable authorized demands on the Treasury during the year 1819, are estimated to amount to	24,615,219 76
Viz.	
Civil, diplomatic, and miscellaneous expenses	\$1,619,836 31
Military department, including the Indian department, permanent Indian annuities, military and revolutionary pensions, and arming the militia	8,666,252 85
Navy Department, including \$1,000,000 for the gradual increase of the navy	3,802,486 60
Public buildings, and for discharging the demands of the contractors for making the Cumberland road	326,644 00
Public debt	10,000,000 00
For building custom-houses and public warehouses at New Orleans, and other ports	100,000 00
Which being deducted from the amount estimated to be received into the Treasury, including the balance on the 1st day of January, 1819, leaves a balance in the Treasury on the 1st day of January, 1820, of	\$1,717,188 83

In presenting this estimate of receipts for the year 1819, it is necessary to premise, that the sum to be received from the customs is less than what, from the amount of the outstanding bonds, would, under ordinary circumstances, be received. The amount of the sales of public lands during the last year, and the sum due at this time by the purchasers, would justify a much higher estimate of the receipts from that important branch of revenue, if the most serious difficulty in making payments was not known to exist. The excessive issues of the banks during the suspension of specie payments, and the great exportation of the precious metals to the East Indies, during the present year, have produced a pressure upon them, which has rendered it necessary to contract their discounts, for the purpose of withdrawing from circulation a large proportion of their notes. This operation, so oppressive to their debtors, but indispensably necessary to the existence of specie payments, must be continued until gold and silver shall form a just proportion of the circulating currency. In passing through this ordeal, punctuality in the discharge of debts, both to individuals and to the Government, will be considerably impaired; and well-founded apprehensions are entertained that, until it is passed, payments in some of the land districts will be greatly diminished.

The extent to which the payments into the Treasury, during the year 1819, will be affected by the general pressure upon the community, which

has been described, and which is the inevitable consequence of the overtrading of the banks, and the exportation of specie to the East Indies, aggravated by the temporary failure of the ordinary supply of the precious metals from the Spanish American mines, cannot, at this time, be correctly appreciated. Should it exceed what has been contemplated in this report, the appropriations must be diminished, the revenue enlarged by new impositions, or temporary loans authorized, to meet the deficiency. As the expenditure of the year 1820 will be greatly reduced by the irredeemable quality of the public debt, after the redemption of the remaining moiety of the Louisiana stock, which may be effected on the 21st day of October, 1819, a resort to temporary loans, or to the issue of Treasury notes, to the amount of the deficiency, should any occur, is believed to be preferable to the imposition of new taxes, which would not be required after that year.

All which is respectfully submitted.

WM. H. CRAWFORD.
